Preble High School ACT Practice Information

Each Spring, Wisconsin high school students in grade 11 take the ACT with Writing, which includes Reading, Writing, English, Math, and Science subtests. Celebrations & Achievements

Preble Diversity Leadership shared a community meal where everyone brought a dish from their culture. During this time, everyone shared their holiday traditions. It was very special!

Two weeks ago, Cousins Subs presented checks totaling more than \$3,500 to Green Bay Preble High School and Green Bay East High School as the result of a friendly fundraising competition between the two schools. The school that generated a higher sales total at the store received 60% of sales from their date, while the runner-up received a 40% donation. Preble High School had its fundraising day on Saturday, November 12, and was crowned the winner earning over \$2,200 to benefit the Preble Parent Network. East High School came in close second to earn a donation of over \$1,300 from Saturday, November 19.

Athletics and Activities

The Preble High School StingCancer group in collaboration with Preble DECA recently organized a fundraiser for children battling cancer. This student-led initiative brought in 240 toys for children at HSHS St. Vincent Hospital Child Life. Amazing work!

A recap from Mr. Bonetti: "I am very blessed to have spent time at the DECA Central Region Leadership Conference with these Future World Leaders, Caring Community Members, and Mountain Movers.

We learned a ton about how leadership, teamwork, networking, fun and grit, and overall positive living can guide us toward success.

If every teacher and parent could witness this group of diverse, creative, intelligent, fun, caring and outstanding young adults vibe together, they would certainly see the bright future that we all have. Go Hornets!"

Last week, Preble held a theater lighting workshop courtesy of UW-Green Bay Professor Dr. Dinesh Yadav. Dr. Yadav was kind enough to donate his time to introduce our students responsible for theater lighting to the basics of this craft. This was an outstanding opportunity for our students to get practical training on the art of lighting design from an expert in the field. These types of experiences are critical for our students as we begin to implement the improvements via our referendum.

Annual Dodgeball tournament in the fieldhouse on December 16th. Special THANK YOU to our Parent Network for sponsoring the prizes.

Over \$500 was raised during the Miracle Minute at the basketball game on December 9th for Make a Wish! Thank you for supporting!
